

# DOLCEVITA - DUETTO AND GIRO CORNER UNITS

## **DUETTO CORNER UNIT for 900mm reach-in unit**

Duetto is the perfect solution for reach-in corner cabinets. Two carriages, both equipped with two levels of platforms, move out of the corner in a synchronised movement giving access to every part of an otherwise dead space.

- Equipped with
  - heavy duty slides
  - pull-in devices
  - efficient damping technology
  - easily adjustable shelves
  - anti-slip surface
- Available in CristalLine and AluLine finishes
- When ordering, specify left or right opening door

FGDD45AL - AluLine Finish, Left Opening Door  
FGDD45CL - CristalLine Finish, Left Opening Door  
FGDD45AR - AluLine Finish, Right Opening Door  
FGDD45CR - CristalLine Finish, Right Opening Door

- Minimum Door size: 450mm

## **GIRO**

Giro regains dead space in the kitchen. It is the simplest and most efficient innerware for rectangular corner cabinets with two independent levels and automatic pull-out of the lower level.
