

DOOR WASTE BINS - MANUAL AND INSET

6280
**POLYPROPYLENE
PULLOUT BIN**
15 Litre

Suitable for installation in a 300mm unit with a hinged door. The bin is pulled out manually and slides out on a robust slide mechanism. The lid is raised automatically by means of a vertical stick. The plastic materials are shock-resistant and durable.

6226
**POLYPROPYLENE
PULLOUT BIN**
20 Litre

Suitable for installation in a 300mm unit with a hinged door. The front part of the lid lifts automatically for easy access. The lid is fixed to the framework and remains in position when the bin is pulled out by hand. The lid is easy to unhook to facilitate cleaning. The plastic materials are shock-resistant and durable.
