CATALOGUE**

A high-contrast, close-up photograph of a stainless steel kitchen sink. The focus is on the circular drain at the bottom center, which features a strainer with radial slots. The surrounding sink surface is highly reflective, showing bright highlights and deep shadows. In the upper right corner, a portion of a white countertop with a linear drain is visible. The overall aesthetic is clean and modern.

SOFT CLOSE ROMAGNA RECYCLING BIN + BIO WASTE BIN
85L - 600mm UNIT

This waste bin unit has five separate bins for recycling; the two larger bins have a capacity of 35 litres each and the two smaller bins have a capacity of 7,5 litres each. The fifth bin is the bio-waste bin which has a 5L capacity and fits into one of the larger bins.

- Suitable for fitting to doors that are 16-20mm thick.
- Bin slides out leaving the lid inside the cupboard.
- The steel lid is suitable for storage of small items such as sponges and gloves.
- The bin is encased in a metal frame for fitting to the door and sides of the unit.
- The bin pulls out on two full extension soft closing runners.
- Metal frame for fitting to the door and sides of the unit.

SOFT CLOSE ROMAGNA RECYCLING BIN + BIO WASTE BIN
• 70L - 450mm UNIT

R3999.00

This waste bin unit has three separate bins for recycling; the two larger bins have a capacity of 35 litres each and are used for the separation of glass and plastic. The third, smaller bin is a practical bio-waste bin which has a translucent hermetic lid and bag holder system and a 5 litre capacity and fits perfectly into either of the other bins. Due to its design, it can also be hooked to the kitchen door or handle. This bin is also easy to clean and dishwasher proof.
